

Waiting List

To enhance our members opportunities to secure a tee time, we will be creating a daily waiting list. With effect from 1 June, Members can call the reception at 7am the morning of play and put themselves on the waiting list for any tee times that may become available that day.

Priority will be given to members who have not played in the past 7 days, followed by members who have played in the past 7 days.

Please call Reception at 2987 7273 and provide your name, member account and contact number. Members will be notified by telephone as soon as a tee time becomes available.

Single players can join the waiting list but cannot play alone and will be required to pair up with other players.
