In the event the Club management requires the closure of the golf course due to inclement weather and/or abnormal course conditions, players are required to leave the golf course(s) and no further play is permitted.

Players will be informed by the course Marshals of the closure and should return to the Clubhouse without delay. The Club management reserves the right to close the course for safety reasons at any time.

Refunds need to be arranged in person at the reception counter on the same day of play. Any player(s) who left the course prior to the announcement of the course being closed will not be eligible for any refund.

Thank you for your attention and cooperation.
